About Me

Passionate Frontend Developer with 6 months of internship experience specializing in React.js and Next.js. Proficient in crafting responsive and user-friendly web interfaces using modern UI libraries like Chakra UI, Material UI (MUI), and more.

I also run a tech-focused YouTube channel, Tech with Keval, where I create tutorials and content to simplify web development concepts. Strong focus on clean design, performance, and accessibility in every project I build.

WORK EXPERIENCE

Frontend Developer Intern
Raimtech Solution Pvt. Ltd.
Nov 2024 – April 2025

- Completed a 6-month internship focused on React.js and Next.js for building dynamic and scalable web applications.
- Developed and maintained responsive user interfaces using Chakra UI, Material UI (MUI), and other modern libraries.
- Collaborated with senior developers to implement new features, debug issues, and optimize application performance.
- Gained hands-on experience with API integration, state management (e.g., Context API), and component-based architecture.
- Ensured cross-browser compatibility and mobile responsiveness in all UI components.
